MISSION STATEMENT

The mission of the Cedar County Library District is to assure excellence in providing both technological and written resources for its citizens.

GOAL STATEMENTS

The general library goals of the Cedar County Library District shall be:

1. To serve all residents of Cedar County and the surrounding area.
2. To acquire and make available to all residents such books, periodicals, pamphlets, and other resources as will address their needs to
 - a) become well informed,
 - b) locate answers to important questions,
 - c) cultivate the imagination and creative expression,
 - d) develop skills for career and vocational advancement, and
 - e) enjoy leisure by means of reading and other media services.
3. To seek the means to provide the most frequently requested material.
4. To maintain a program of service which locates information, guides reading, organizes and interprets material for people of various backgrounds, and stimulates thinking and intellectual development in individuals of any age.
5. To strive consistently to discover new methods and improvements for better service for the library's customers.
6. To review these goals of the Cedar County Library District and, if necessary, revise them in the light of new developments.

Revised: 07/21/2017

LIBRARY PATRONS (1100)

The library will serve all residents of Cedar County. Service will not be denied or abridged because of the following: religion; race; social, economic, or political status, mental, emotional, or physical condition; age; or sexual orientation.

The use of the library may be denied for due cause. Such cause may not be limited to failure to return library materials or to pay penalties, destruction of library property, disturbance of other patrons, or any other illegal, disruptive, or objectionable conduct on library premises.

PATRON RESPONSIBILITIES AND CODE OF CONDUCT (1120)

It is a patron's responsibility to maintain necessary and proper standards of behavior to protect his individual rights and the rights and privileges of other patrons. If a patron creates a public nuisance, that patron may be restricted from the library and from the use of the library facilities. Those who are unwilling to leave or do not leave within a reasonable amount of time after being instructed to do so by the staff, will be subject to a trespassing report to law enforcement.

PATRON CONDUCT

Food and beverages may not be brought into the main Library, but may be consumed in the Library meeting room or in the lobby.

Shirt and shoes are required in the Library.

Loitering on Library property is prohibited.

Disruptive conduct, including excessively loud talking, is not allowed.

Parents and guardians are expected to stay in close proximity to their children at all times while in the Library. For example, parents and guardians are not to leave their children in the children's area while they use a computer.

Children should not be allowed to climb shelving or other Library furnishings or fixtures.

Parents or guardians may be asked to take excessively loud or disruptive children out of the Library.

Willfully annoying or harassing another person is prohibited.

The Library does not have a public telephone and will not allow public use for incoming or outgoing calls on Library telephones except in the case of an emergency.

Furniture may not be rearranged. Only one person may sit in each chair at one time. Feet should not be placed on furniture.

Smoking, use of tobacco products, and vaping are prohibited inside the Library, but are allowed in the designated area outside the building.

Alcoholic beverages are not permitted on Library property.

Patrons under the influence of drugs or alcohol are not allowed in the building.

Sleeping for an extended period of time (more than 10 minutes) is prohibited.

Trash both inside and outside the Library should be placed in appropriate receptacles.

Library restrooms may not be used for bathing and grooming (shaving, washing hair, etc.), doing laundry, or loitering.

Use of roller blades, roller skates, or skateboards is not permitted on Library property. The Library is not liable for injuries or damages incurred by skaters or skateboarders.

Any person who poses a health or sanitary risk or whose bodily hygiene constitutes a nuisance to other persons or damages Library property shall be required to leave the Library premises or Library property.

Inappropriate behavior, which disturbs other Library patrons or staff, is not permitted inside or outside on Library property.

A person may not mutilate, deface, or remove without authorization, any part of the Library collection, building, or furnishings.

Loud, abusive, aggressive, profane and/or threatening language or behavior toward Library staff or other patrons is not permitted.

Willfully destroying or damaging Library property including materials, furnishings and technological equipment, fixtures, and landscaping is not permitted. This includes tampering with computer hardware and software.

YOUNG CHILDREN

The Cedar County Library District encourages visits by young children, and it is our desire to make this important visit both memorable and enjoyable for the child. Library staff members are not expected to assume responsibility for the care of unsupervised children in the library. Therefore, it is library policy that all children under age eight must be accompanied by a parent or designated responsible person while in the library. Also, if the young child is attending a library program, we require the parent/responsible person to remain in the library throughout the program.

DISRUPTIVE CHILDREN

Children of all ages are encouraged to use the library for homework, recreational reading, and program attendance. The library staff realizes that the library will be noisier at busy times and that children by nature can cause more commotion. However, children (whether with parents or not) who are being continually disruptive will be given a warning that they must settle down or will be asked to leave the library. If after a second warning, the child continues to be disruptive, he will be asked to leave the library. If the child needs to contact a parent, he may do so and then wait with a staff person until the parent arrives.

FIREARMS

Weapons are not allowed on Library property except as provided by RSMO 571.030.

- (a) No person who has been issued a concealed carry endorsement by the Missouri Director of Revenue under Section 571.094 RSMo or who has been issued a valid permit or endorsement to carry concealed firearms issued by another state or political subdivision of another state, shall, by authority of that endorsement or permit, be allowed to carry a concealed firearm or to openly carry a firearm in any building or portion of a building owned, leased or controlled by the Cedar County Library District.
- (b) Signs shall be posted at each entrance of a building entirely owned, leased or controlled by the county library stating that carrying of firearms is prohibited.
- (c) Any person violating this section may be denied entrance to the building or ordered to leave the building. Any Cedar County Library District employee violating this section will be disciplined. No other penalty shall be imposed for a violation of this section.

USE OF CELL PHONES AND OTHER DEVICES

Cell phones are allowed in the Library, however they must be silenced and all calls should be taken/made outside the building or in the lobby.

Audio equipment may be used with a headset but will not be allowed if sound can be heard outside of the headset.

Patrons may use personal laptop computers in the Library and may plug them into available outlets. Cords must not pose a safety hazard.

The Library is not responsible for any damages to personal computers, tablets, smart phones, or e-readers during their use at the Library.

SOLICITING

Soliciting on Library property is prohibited.

No solicitation of funds for individuals or organizations, sale of items for any cause, or panhandling is permitted in the Library or on Library property.

Campaign signs and political signs, for ballot issues and elected office, may not, at any time, be placed or hung on library premises. Flyers must be approved by the library director/district manager before posting.

Activities authorized by and on behalf of the Library. Activities authorized by and on behalf of the Friends of the Cedar County Library organization.

Library patrons will not be asked by staff or outside individuals to make purchases on behalf of or contribute to any Library cause or fundraiser while visiting the Library in the normal course of operation of the Library.

Specific fundraising events may be held in the Library meeting facilities and sale of products may be advertised or displayed but no action may be taken that is not initiated by the patron.

PUBLIC PETITION

Organizations or individuals may present public petition on Library grounds as long as sidewalks, parking spaces, driveways, and Library entrances are not obstructed in any way.

Public petitioning is not allowed inside Library buildings, including lobby areas. Public petitioning on Library grounds does not in any way constitute an endorsement by the Library of the petitioner's policies or beliefs, and no claim to that effect nor claim to Library sponsorship may be used, explicit or implicitly, in advertising petition drives held on Library grounds. Neither the name nor address of the Library may be used as the official address or headquarters of any organization. (Updated 4/2024)

SERVICE ANIMALS

Animals are not permitted in the Library, except service animals as defined by ADA Revised Requirements (2010).

Service animals are defined as dogs or miniature horses that are individually trained to do work or perform tasks for people with disabilities. Under the ADA, service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the individual's disability prevents using these devices. In that case, the individual must maintain control of the animal through voice, signal, or other effective controls.

VOLUNTEERS & FRIENDS OF THE LIBRARY

The Library Board encourages individuals and groups to volunteer their time and efforts in the service of the Cedar County Library District. In appreciation of volunteer services, the Library Board acknowledges the need to organize volunteer activities and to provide for appropriate recognition.

A library friend's group is a formal association of people who unite to plan and execute, in conjunction with library goals and the needs of the library director, programs and events to benefit the library. In particular, a friend's group is involved in fund-raising for the library and often oversees periodic book sales. Friend's groups always serve at the pleasure of the library board which is the only body with legal authority to set policy for the development of the library.

PATRON COMPLAINTS AND CONDUCT ISSUES (1140)

Any person not abiding by these or other rules and regulations adopted by the Library Board may be denied the privilege of access to the Library or its resources, by the Library director or designee. Library employees will contact law enforcement authorities if illegal activities are observed or reported or as otherwise deemed advisable. Based on the nature of the offense, warnings and other preliminary steps may be bypassed.

The Library reserves the right to evict and/or ban in accordance with this policy, any person not abiding by the published Library Program Policy, including the Code of Conduct, and any other Library policy adopted and published by the Library Board of Trustees from time to time.

BANNING PROCESS

One verbal warning for any minor offense.

Second policy infraction on the same day results in removal of the patron from the Library premises for the day. Parent or police may be contacted, if applicable.

Third and subsequent infractions within a year will result in banning from the Library premises for not less than seven (7) days. Library card privileges will be revoked during the period of suspension. Parents of minors will be contacted.

Indefinite suspensions or immediate removal may result from recurring, frequent, or serious infractions of Library policies.

NOTIFICATION OF ACTION

Any patron who has been evicted and/or prohibited from returning to the Library shall be provided with written notification indicating the reasons for the ban, the Library policy violated, the duration of the ban and the appeals process.

An incident report is to be filed by Library staff immediately to the Library director, in addition to verbal notification of the action to the administrator or supervisor in charge.

IMMEDIATE AND PERMANENT EVICTION

Communication of threats, physical violence or sexual misconduct (including, but not limited to, indecent exposure, unwelcome touching or sexual harassment toward staff or Library patrons) and engaging in any illegal acts or conduct in violation of federal, state, or local law, ordinance or regulation will result in immediate and permanent eviction from the Library and the notification of law enforcement authorities.

APPEALS PROCESS

Any patron subjected to specific enforcement of this policy may file a written appeal to the Director. The Director will review any appeal made and provide a written response affirming, overturning, or modifying the enforcement action. Patrons objecting to the director's decision may make a written appeal to the Library Board within 10 days of receiving the Director's determination. The Library Board will review any appeal made to them at the next regularly scheduled Board meeting and provide a written response affirming, overturning, or modifying the enforcement action. Failure to appear at the scheduled hearing will result in the denial of the appeal.

NONCOMPLIANCE WITH EVICTION OR BAN

Any person who disregards a request by a staff member to leave the building and/or premises for a violation of Library Policy or who enters the Library or premises while banned will be considered a trespasser and will be immediately reported to local law enforcement authorities and subject to arrest and prosecution for trespassing.

HEALTH EMERGENCY POLICY

The health emergency policy of the Cedar County Library District is to keep the sick or injured patron comfortable and protected from needless disturbance until medical help can be obtained. Call 911 immediately in the event of any serious problem.

NO medication, including aspirin, should ever be dispensed to the public.

Library Incident/Accident Report Form is located in the Appendix Section. (Rev 9/21/12)

DISASTER POLICY

The disaster policy of the Cedar County Library District is to assure the safety of our patrons. The staff should endeavor to remain calm, assess the situation, notify the appropriate **authorities**, and follow the procedure in the Disaster Plan in the appendix.

LIBRARY CARDS (1150)

INTRODUCTION

Library cards issued by any of the public libraries within Cedar County Library District will be honored by all the Cedar County Library District Branches provided that the borrower is in good standing with the Library system. All cards must be renewed annually; proof of address or current ID may be requested at renewal.

A library card may be invalidated or suspended by the Cedar County Library District at any time if the patron does not return overdue materials, does not pay outstanding fines, does not abide by other Library policies, or habitually abuses Library policies.

The applicant must sign the application acknowledging that all information is correct and that he or she accepts responsibility for all use made of the card. The applicant's signature on the application and on the library card is a promise to abide by all Library policies and to notify the Library of any change of status (name, address, etc.) or the loss or theft of the card.

RESIDENT CARDS

Library cards are issued to residents, property owners, or employees of the Library in Cedar County. Applicants for a library card are required to present 2 forms of identification; one of which must prove proof of residency or property ownership. Required proof may be in the form of any one of the following items.

A valid driver's license with a current address.

A state issued identity card

Current property tax receipt. A personal property tax receipt, a real property tax receipt or a certificate of non-assessment is acceptable.

A valid voter's registration card

A current utility bill showing patron's name and address

Recently cancelled mail with name and physical address.

If non-picture identification is presented, staff may also require a picture ID as additional proof.

MINOR CARDS

If the applicant is seventeen years old or younger, the application must be signed by the parent or legal guardian who has a library card in good standing. Applicants eighteen and older are considered adults and must provide their own proof of address and sign their own application. Cards issued to minors will allow Internet access.

Parents can exempt their child from Internet by informing Library staff and signing an “opt out” form. Cedar County Library District does filter Internet access according to the Children’s Internet Protection Act (CIPA).

The responsibility for materials used by minors rests completely with their parents or legal guardians. Library staff does not supervise children. Library personnel do not know what you consider appropriate for your child and cannot be responsible for their selections. Responsibility for a child’s reading must rest with the parent or guardian, not with the library.

EDUCATOR CARDS

Educator Cards allow teachers of Cedar County School Districts, upon the approval of each District’s Administration, to check out Library materials for use in their classrooms. Teachers can hold these cards specifically for classroom use so they do not need to use their personal Library cards for this purpose.

Cedar County teachers who do not reside in Cedar County are allowed to have access to the Library’s resources without paying a non-resident fee.

Educator Card applicants must provide a current photo I.D. and current proof of employment or school ID from a Cedar County School District.

Up to 50 items at a time can be checked-out on an Educator Card. Up to 10 DVDs may be checked-out at a time, but they will count toward the 50-item total.

All materials checked-out on an Educator Card are due 21 days from the date of check-out and may be renewed twice, unless they are reserved for another patron.

Teachers may place up to 25 holds on materials that are owned within Cedar County Library and/or within the Missouri Evergreen Library Consortium.

Teachers will be held financially responsible for all materials checked-out on their library card.

NON-RESIDENT/TEMPORARY CARDS

Non-Residents (residing outside of Cedar County) can obtain an individual non-resident Cedar County Library card by showing a current photo I.D. and paying a \$20.00 fee. The card will be issued for the period of one year for \$20.00 for an individual, or \$50 for a family.

A maximum of two (2) items may be checked out at any one time on a non-resident/temporary card or maximum of five (5) per family card. The card can be used to access the computers. (Updated 9/2024)

People residing in Cedar County in group homes, shelters, etc. must provide a letter from the group home, shelter, etc. on letterhead stating that they are residing at that location before they will be granted a temporary card. The letter will be attached to the paper application. The card will expire at the end of six (6) months.

LOST AND DAMAGED CARDS

If a patron should lose their card, they may be issued another card for a charge of \$1.00. It is the patron’s responsibility to report lost cards; until the card is reported lost, the patron is responsible for all items charged. All patrons, adult and juvenile, are expected to bring their

library cards with them if they intend to check out items. An individual who repeatedly ignores this requirement may be denied the privilege of checking out materials until he presents his card at the library.

A library card that is damaged may be replaced free of charge provided that the patron brings the damaged card to the Library to be replaced.

MATERIALS AND THEIR CIRCULATION (1200)

GENERAL CIRCULATION GUIDELINES

All patrons, adult and juvenile, are expected to bring their library cards with them if they intend to check out items. An individual who repeatedly ignores this requirement may be denied the privilege of checking out materials until he presents his card at the library.

Items limited to in-house use such as reference books, microfilm, current issue magazines, current and back issue newspapers, reserved books, local history materials, and other so designated, do not normally circulate but may circulate at the discretion of the Director.

Library users will not be allowed to check out materials if they owe \$20.00 or more in unpaid fees, have material that is overdue and cannot be renewed, or have material that has been marked lost. Materials that are more than 42 days overdue are automatically marked lost, and the total replacement cost is charged to the patron's Library card.

FINES & FEES

Fines are ten cents (\$0.10) per day per item for overdue materials. A first notice is sent after the material is due. If the material is not returned within a designated period, a bill will be sent for the material with the cost of replacement of the material. Patrons who have been sent an overdue notice will be denied borrowing privileges until those overdue materials are returned or paid for if lost and/or damaged.

1. Overdue notices are sent as a courtesy. Failure to receive an overdue notice does not relieve the borrower of the responsibility to return or renew an item by its due date and is **not** the cause for the cancellations of fines.
2. The first notice will be sent via email, postcard, or telephone with the total replacement costs. The accounts will be blocked. Fines are (\$0.10) per day per item up to a maximum the replacement cost of the item(s).
3. Parents of children under 18 will receive their child's notice and are responsible for payment.
4. After 10 days of no response, certified letters with return receipts will be sent to patrons.
5. After 60 days of no response, the materials will be deleted from the system, the amount billed to the account, and all the documentation given to the prosecuting attorney for those who have at least \$50 in replacement costs for at least 30 days.

REVISED: 03/12/2020

STATE HISTORICAL SOCIETY INTERLIBRARY LOAN (ILL) SERVICE

The State Historical Society of Missouri's collection is non-circulating; however, an interlibrary loan (ILL) service makes microfilm available to patrons who cannot visit one of SHSMO's research centers (Cape Girardeau, Columbia, Kansas City, Rolla, Saint Louis, or Springfield). SHSMO's circulating microfilm collections include:

newspapers

- manuscripts
- selected high-demand county history books

- city and county directories
- land ownership maps
- periodicals

Fee

1-2 reels, two weeks use

- \$15 within US
- \$25 international

To cover postage and handling costs, SHSMO charges **\$15.00** to **\$25.00** (US) per interlibrary loan transaction depending on your membership status, location and billing requirements of your local library. This cost will be passed to the patron.

HOLD REQUESTS

Patrons may place up to 10 holds on materials that are owned within Cedar County Library District and/or within the Missouri Evergreen Library Consortium.

Patrons will be notified by telephone or email when the materials are available at the patron's preferred Cedar County Library District location.

There is no charge to the patron for placing a reserve. Holds may be placed by patrons either in person, over the phone, or online.

Holds will be held for 7 business days. If the item is not picked up in that time period, the item will be removed from hold for that patron.

OVERDUE LIBRARY MATERIALS

The Library has no obligation to remind patrons to return materials. The Library calls or sends reminder notices as a courtesy to patrons.

It is the patron's responsibility to update mailing address, email address, and phone numbers or texting information with the Library. The Library cannot be held responsible when reminders or notices are undeliverable due to incorrect addresses and phone numbers that have not been updated by the patron.

All materials are due on the due date. There is a one day grace period except for items due on dates the Library is closed. All such materials are due the following business day. There is a one day per Equinox limit.

It is the patron's responsibility to call, log-on, or come in to renew items.

Patrons may receive email, text, or phone call reminders when items are 7-days or more overdue. Patrons may receive mailed notices when items are 14 and 21-days overdue. Items that are more than 42-days overdue are automatically marked lost and costs are assessed to the patron.

LOST AND DAMAGED ITEMS

Charges for lost items are assessed based on the suggested retail price of the lost material. The suggested retail price compensates the library for staff time and processing materials, i.e. barcodes, covers, labels, etc.

Lost fees will be cancelled if the item is returned in good condition. The library does not accept replacement items in place of paying lost/damaged fee or return of lost materials.

No refunds for lost materials will be issued to patrons once those items have been paid for. The item, if found, is the property of the patron.

The Library may charge for items that are damaged that are not considered normal wear and tear.

Barcodes	.50
Spine Labels	.50
DVD/Audio Case	1.00
Torn Pages, Marks, Spills, etc...	3.00 or the price of item if deemed unusable

MINORS AND MATERIALS

The Cedar County Library District has adopted the American Library Association Freedom to Read and Freedom to View statements. Parents—and only parents—have the right and responsibility to restrict access of their children—and only their children—to Library resources. Parents will be required to sign a copy of the Cedar County Library District's Informed Consent of Use of the Library for a Minor Child in order for their minor child to have access to a minor library card.

Librarians and Library governing bodies cannot assume the role of parents or the functions of parental authority in the private relationship between a parent and child.

BORROWING BEYOND CEDAR COUNTY AND REFERENCE SERVICES (1250)

INTERLIBRARY LOANS

The Cedar County Library District adheres to the policies and regulations set forth by the Missouri Evergreen Consortium to allow resource sharing between participating Missouri public libraries and to the policies and regulations of WorldCat's Resource Sharing to allow resource sharing with libraries worldwide.

Interlibrary loan service is available to patrons with a Cedar County Library card. In order to submit a request for an item, the patron's card must be a valid, unblocked card.

If the item is available from an Evergreen Library, there will be no fee associated with interlibrary loan service. A hold may be placed directly from the Library's catalog. A patron may have ten (10) Evergreen holds on their account.

However if the item is not available through the Evergreen system, the patron may request traditional interlibrary loan service through WorldCat's Resource Sharing by filling out an interlibrary loan form. While the Library will make every effort to borrow through the free courier system provided by the Missouri State Library, the patron must pay return postage and any fees charged by the lending Library at the time of receipt. In the event the patron does not pick up the material, postage fees will still be charged to the patron's card. The lending Library sets the due date of the material.

A patron can have up to ten (10) traditional interlibrary loan requests in process at any given time. Renewal of all interlibrary loan material is at the discretion of the lending Library.

INTERLIBRARY LENDING

The Cedar County Library District honors interlibrary loan requests from Missouri Evergreen; outside requests are handled on a case-by-case basis. Lending time for materials is set by the borrowing Library in Missouri Evergreen, but 30 days for WorldCat requests.

The Cedar County Library District will not lend:

- Non-circulating items including special collections, genealogy and reference
- Material that the Library has owned less than six months
- Material with local circulation restrictions

The borrowing Library is responsible for the safety of the item from the time the item leaves the Cedar County Library District until it is returned. If damage or loss occurs, the borrowing Library is responsible for the cost of items and the processing fee.

COLLECTION DEVELOPMENT POLICY (1270)

SELECTION

Cedar County Library District (or CCLD) endeavors to provide its citizens with electronic and print format materials to fulfill its citizens' educational, recreational, and cultural needs and desires. CCLD selects materials in accordance with the guidelines stated by the American Library Association (ALA) in its Library Bill of Rights (see Appendix A).

As a public service agency, the Library must strive to provide the residents of Cedar County with a comprehensive collection of materials in a variety of formats that record human knowledge, ideas and culture; to organize these materials for ready access; to offer guidance and encouragement in their use; and to serve the community with reliable and easily available sources of information and reference.

Materials should be selected and services planned to satisfy residents both as individuals and as members of groups, with concern for all ages, backgrounds, interests, abilities, and levels of

education. Materials and services should be held in sufficient quantity to make the Library a dependable resource for most of the people most of the time.

The Library has an obligation not only to serve its current users but also to search for materials and methods that will meet the needs of community members who have not traditionally been Library users. Cooperation with governmental, academic, and special resource centers in the area continues to be increasingly important in meeting needs of Library patrons.

PRIORITIES OF SELECTION

Materials to meet informational needs, both expressed and anticipated, of patrons of all ages.

Materials to meet the recreational needs of patrons of all ages.

Materials to meet the educational needs of pre-school children, out-of-school adults, and all other patrons who are not served by an educational institution.

Materials to meet the needs of the business community.

Materials to support civic and cultural activities of individuals, groups, and organizations.

SELECTION PROCESS

The Library should plan to acquire, within its budgetary limitations, all types of Library materials needed to meet its obligations. Library materials may include books, periodicals, audiovisual materials, software, on-line databases, and artifacts.

Holdings of other Missouri Evergreen Libraries will be considered when selecting subject areas for intensive collection or large purchase items. Consideration will be given to both the privileges and responsibilities of cooperative acquisition plans and interlibrary loan procedures.

The number of copies of any title shall be dependent upon demand by patrons and the size of the population served. Demand is a valid factor in materials selection.

The Library will not purchase text books except in cases where no other material on a given subject exists or where the demand of the patrons is greater than can be met by the existing collections.

For the most part, the library does not purchase self-published material unless there is a demand for item or subject matter is authoritative and not contain elsewhere.

Materials that should not be acquired or added to the collection include literature in languages not justified by community needs, religious materials designed to be used for proselytizing, or purely propagandistic literature.

Addition of an item to the Library's collection in no way represents an endorsement of any theory, idea, or policy contained in the material.

The responsibility for selection of Library materials is delegated to the Director and, under his or her direction, to those members of the staff who are qualified by their education, training, and experience. The judgments of experts, or professionally trained staff members and of qualified reviewers provide a balance of opinion as the basis for selection. Though a variety of

criteria is used for each subject, final decision is based on the value of the material to the Library and its public regardless of the personal taste of the selectors.

In selecting materials, the librarians will use as many selection and bibliographic management tools as possible, including: reviews, curated lists from book vendor; book selection periodicals such as Booklist and Publishers Weekly; best seller lists, professional journals such as American Libraries and Library Journal; databases such as OCLC; and bibliographies such as Magazines for Public Libraries, Reference Books for Small and Medium-Sized Libraries, and any other useful bibliographic reference works.

Librarians will strive to find a review of any item before considering it for purchase. However, because only a small portion of all published material is ever reviewed, librarians will also consider purchase of items based on advertisements, author tours, television and radio coverage, and direct mail.

CENSORSHIP

The Library recognizes the pluralistic nature of the community and the varied needs of Cedar County citizens. The public Library does not promote particular beliefs or views. It provides a resource where the individual can examine issues freely and make his or her own decisions.

The Library recognizes that many materials are controversial and that any given item may offend some Library users. Selection will not be made on the basis of any anticipated approval or disapproval, but solely on the merits of the work in relation to the building of the collection. The collection must contain the various positions expressed on important, complicated, or controversial subjects, including unpopular or unorthodox positions. The choice of Library materials for personal use is an individual matter; while anyone is free to reject materials of which he or she does not approve, no one has the right to exercise censorship to restrict the freedom of use and/or access to others.

The selection of adult materials will not be limited by the possibility that such materials may inadvertently come into the possession of minors. The freedom of access for minors may be restricted only by the child's own parents or legal guardians. The Library will not restrict use of any materials by any patron because of the patron's age.

The Library affirms the principles of each individual's freedom to read and view. No book or other Library material shall be removed from the collection because of a complaint except under the orders of a court of competent jurisdiction.

Each item considered for selection must be evaluated on its own merits. Works that depict an aspect of life honestly will not be excluded because of frankness of expression, vivid descriptions of sex or violence, the philosophy, politics, or religion of the author, or any other factor which might be objectionable to some Library users.

All materials will be judged as a whole rather than by isolated passages.

GENERAL COLLECTION DEVELOPMENT GUIDELINES

The Cedar County Library District Board of Trustees delegates the authority to select materials to the Director in cooperation with the staff. Materials are selected and evaluated as a whole. All acquisitions whether purchased or donated are evaluated by the following criteria. Selected material does not need to meet all the following evaluative criteria:

- Does it have present and potential relevance to community needs?
- Is the subject style and reading level suitable for the intended audience? Is it important as a document of the times?
- Is the format appropriate and effective as far as the content is concerned? Is the author, publisher, or producer reputable?
- Does the item enjoy a positive review in one or more professional journals? Is it within both the budget and space constraints of the library? Can it easily be borrowed from another source?
- Are there insufficient materials available on the same subject? Is the author or illustrator local?
- Does the library already have sufficient copies available?
- Is the format appropriate to library use and not easily damaged? Does it enhance a specific collection in the library? Does it have artistic or literary merit? Is the content accurate?
- Is it popular with library patrons?

SPECIFIC SELECTION POLICIES BY COLLECTION

REFERENCE

CCLD will select and maintain a reference collection that meets the needs of its patrons. It will also keep the collection at a size that can be efficiently managed by the staff and used by the patrons. These materials are **not** to be checked out. In addition to the general criteria listed above, reference material will be judged on the following:

- Do the materials provide facts and information in demand or of potential use by the patrons?
- Is the material current?
- Does the material complement existing material?
- Is the academic or technical level within the range of users and staff?

PERIODICAL

The periodical collection should supplement and complement the materials in all areas of the library. As such it is a timelier collection, and it is more frequently updated. Most of this collection is available for checkout, except the most recent issue, microform copies, or genealogical information. The additional guidelines for selection are as follows:

- Is it easy to retrieve the information?
- Does it contribute to a balance and range of information?
- Does it have lasting value?
- Does it have a high quality of writing or design?

MISSOURI HISTORY/GENEALOGY

CCLD will collect, protect, and make available research materials relating to Missouri history with a special emphasis on Cedar County. Many items are one of a kind, so this collection is **not** available for checkout. Materials from other neighboring counties and states may be accepted. CCLD will not accept restricted materials or undated or unidentified photographs of people. The additional guidelines for this collection are as follows:

- Does it include appropriate photographs, maps, manuscripts, microforms, oral history tapes, **dated** newspaper clippings, scrapbooks, pamphlets, or other materials?
- Does it relate to the history of Missouri, particularly Cedar County?

ADULT

The purpose of the adult collection is to provide Cedar County residents with current information on subjects of topical and continuing interest. It will also provide the residents with current information on differing viewpoints on contemporary issues or significant historical issues. The collection may provide materials for instruction. Additionally, the adult collection will provide the adult patrons with materials for entertainment and recreation.

MEDIA SERVICES

CCLD will help meet the needs of its patrons by providing access to information or entertainment in non-print format such as CDs, DVDs and other future technologies. These are available for checkout. Selection of these materials will follow the general guidelines plus:

- Has it won or been nominated for an appropriate prize?
- Is it significant in its media history?
- Is the cast or director particularly important?
- Is it suitable for the intended audience?

REVISED: 03/12/2020

CHILDREN

CCLD will provide materials in various formats to meet the recreational, educational and cultural needs of the children. Most children's library materials may be checked out. Programs will be offered to enhance the use of the collection.

AGE APPROPRIATENESS

The library's print collection is split into different age recommendations for ease of use. Patrons are not limited by these age recommendations. All patrons are welcome to checkout any materials in our collections:

- Picture Books, Early Readers, and Easy Non-Fiction
 - These collections are intended for ages birth to 2nd grade
- Chapter Books, Juvenile Fiction, and Juvenile Non-Fiction
 - These collections are intended for ages 3rd to 8th grade
- Young Adult
 - This collection is intended for grades 9th-12 grade
- Adult Fiction, Large Print, Inspirational Fiction and Adult Non-fiction
 - These collections are intended for adult over 18

There may be some variation in the age appropriateness of each collection. In general decisions to place particular items are done by the standard of the average person, applying contemporary community standards nationwide would find that material, taken as a whole, would appeal to the age recommendation applied. The Library also relies on publisher's suggested age range, if available.

The responsibility for materials used by minors rests completely with their parents or legal guardians. Materials selected for the Adult and Young Adult collection are intended for mature readers. Checkouts to minors from these collections are allowed with the signed parental permissions on a minor's library card form. Separate collections are available for children and young people, but it is not the responsibility of the Library, its Board of Trustees, staff, or volunteers to determine which collection they should use or what item in the collection is suitable for an individual.

This section is required by Missouri Regulation 15 CSR 30-200.015.

CENSORSHIP

The Library recognizes the pluralistic nature of the community and the varied needs of Cedar County citizens. The public Library does not promote particular beliefs or views. It provides a resource where the individual can examine issues freely and make his or her own decisions.

The Library recognizes that many materials are controversial and that any given item may offend some Library users. Selection will not be made on the basis of any anticipated approval or disapproval, but solely on the merits of the work in relation to the building of the collection. The collection must contain the various positions expressed on important, complicated, or controversial subjects, including unpopular or unorthodox positions. The choice of Library materials for personal use is an individual matter; while anyone is free to reject materials of which he or she does not approve, no one has the right to exercise censorship to restrict the freedom of use and/or access to others.

The selection of adult materials will not be limited by the possibility that such materials may inadvertently come into the possession of minors. The freedom of access for minors may be

restricted only by the child's own parents or legal guardians. The Library will not restrict use of any materials by any patron because of the patron's age.

The Library affirms the principles of each individual's freedom to read and view. No book or other Library material shall be removed from the collection because of a complaint except under the orders of a court of competent jurisdiction.

Each item considered for selection must be evaluated on its own merits. Works that depict an aspect of life honestly will not be excluded because of frankness of expression, vivid descriptions of sex or violence, the philosophy, politics, or religion of the author, or any other factor which might be objectionable to some Library users.

All materials will be judged as a whole rather than by isolated passages.

DISCARDING (WEEDING) MATERIALS

An up-to-date and useful collection is maintained through a continual withdrawal and replacement process. Replacement of worn volumes is dependent upon current demand, usefulness, more recent acquisitions, and availability of newer editions. This ongoing process of weeding is the responsibility of the library director and is authorized by the Board of Trustees. Withdrawn materials will be handled in a similar manner and under the same authority as donated materials.

CRITERIA FOR WEEDING

Materials in poor physical condition will be weeded; if desirable materials must be discarded because of physical condition, the Library will replace if possible and budgetary concerns allow and the demand for the material is still good.

Superfluous or unneeded duplicate volumes will be weeded from the collection.

Materials containing information no longer useful or accurate or that are no longer of historical value will be weeded from the collection.

Weeding should not bias the collection in favor of or against any viewpoint.

Weeding will not be done solely on the basis of circulation statistics or past use, although these factors merit strong consideration in evaluating an item. A public Library must give more weight to circulation/use statistics than a research or academic Library.

REQUESTS FOR RECONSIDERATION OF LIBRARY MATERIALS (1280)

The Cedar County Library District Board and Staff support intellectual freedom and subscribe to the principles of the American Library Association Library Bill of Rights. The staff will apply the selection standards as outlined in this policy and will endeavor to provide materials that reflect the diversity of viewpoints within the community.

It is the responsibility of the individual to limit their minor children to materials of all formats that are congruent with their tastes. A patron may reject materials for themselves or their minor children; however, they cannot restrict access to the materials by other patrons.

Patrons may suggest materials to be added or removed from the collection. When a patron requests a reconsideration of an item, this procedure is followed:

- A staff member will explain the collection development policy. The patron may elect to submit a written Request for Reconsideration of Library Materials to the Director.
- The staff and the Director review the completed form. The staff will objectively review the item in question to make sure the selection guidelines and principles were followed. The Director will make a written response to the patron in ten (10) working days from the date the form was submitted. The Director will inform the Board of the reconsideration.
- If the patron is not satisfied with the decision of the Director, they may appeal in writing to the Board.
- In reviewing the request, the Board will consider the collection policy, professional reviews, staff comments, and comments from the patron. The item will **not** be taken from the shelf while it is under review.
- The Board will recommend an action to the Director within thirty (30) working days and inform the patron in writing of its decision.

Responsibility for use of library materials for children rests with their parents or legal guardians. Selection of library materials will not be inhibited by the possibility that materials may come into the possession of children. Library materials will not be marked or identified to show approval or disapproval of their contents, and no library material will be sequestered except to protect it from damage or theft.

After faxing, a confirmation sheet will print out showing that the fax has gone through.

TEST PROCTORING SERVICE

Cedar County Library District provides proctoring service in our community as part of our role as a community place and in support of lifelong learning. This policy attempts to define the service we offer, balancing the needs of the student, the institution which they are working, and service to other library patrons. While we expect to be able to meet the requirements of most requests for proctoring service, we do have some limitations.

Cedar County Library District will provide:

- Staff members who are authorized to provide proctoring service, based upon their availability.
- Examinations must occur during the hours the library is open to the public.
- Space for test taking; however, depending on the library, there may not be separate quiet area available.
- Ability to directly mail or fax a completed test back to the institution at the student's expense.
- Ability for online test completion.

Student/Institution Required Information:

- Contact the library you wish to use for proctoring and make arrangements with the staff based on the facilities that are available and on staff availability.
- Verify the physical environment available at the library meets the needs you have for taking the test.
- It is the responsibility of the student taking the examination to ensure that all requirements for the examination can be met and that the examination is received by the Library before the scheduled examination time.
- Schedule specific days/times for proctoring based on the open days/hours of the library and availability of the proctor with at least seven (7) working days advance notice.
- Arrange for a public computer booking if needed.
- Provide an appropriately sized envelope, addressed and with the required postage, if the library is to return the test by mail or fax. If the faxed test is not needed by the institution, it will be shredded after 15 days.
- Student is responsible for all costs associated with taking the test. (Rev 1/21/11)

COMPUTER AND INTERNET USE (1320)

INTERNET USE

The Cedar County Library District (CCLD) provides access to the Internet as a means to enhance the information and learning opportunities for the citizens of the library's service area. The Internet use policy has been established to ensure appropriate and effective use of this resource.

Access to the Internet is available to all users; however, this service may be restricted at any time for use not consistent with the guidelines.

The Internet is a global electronic network with no state or county control of its users or content. The Internet and its available resources contain material of a controversial nature. Library staff cannot control the availability of information or links that may change rapidly or unpredictably. Not all sources on the Internet provide accurate, complete or current information.

The Cedar County Library District through MORE net, our Internet provider, provides connections to all kinds of global information, services, and networks. This is not the same as selecting and purchasing materials for the collection. Some electronically accessed information may **not** meet the Cedar County Library District's Collection Development policy. The Cedar County Library District does not have control over the information accessed through the Internet and cannot be held responsible for its content. Patrons must adhere to the Cedar County Library District's Acceptable Use Policy, which is on the splash page of each public computer and also on the Wi-Fi. Paper copies may be requested from the front desk.

Parents will be required to sign a copy of the Cedar County Library District's Informed Consent of Use of the Library for a Minor Child in order for their minor child to have access to a minor library card. A library card is required to use Cedar County Library District computers.

LIBRARY COMPUTERS

Computers are available to patrons on a first come, first-serve basis. Instructions for operating hardware are displayed near the computer. There is no charge to Cedar County Library District residents or valid card holders for use of a computer. The Library utilizes time and print management software on its public access computers. This software helps ensure availability of computers throughout the day, and allows patrons to maintain a personal account for ease of use. To make the service available to as many patrons as possible, a time limit for usage has been imposed. That time limit is one (1) hour, cumulative to two (2) hours per day. Library staff is available for general assistance in using a computer. However, staff is not expected to train patrons in the use of application programs. A printer is available. Printer paper will cost \$0.10 per side for black and white, and \$.50 per side for color.

A copier is available to patrons who wish to copy materials. The rate for 8 ½ x 11 \$0.10 per side. Color copies are \$.50 per side. Copy machine users are advised that there are restrictions on copyrighted materials. Any violation of copyright is the responsibility of the copy machine user.

A lamination machine will be available for laminating paper. Maximum size is copy paper sized (8 ½ x 11.) Librarians will use the laminator for the patron and cannot be held responsible for damage to their material. Cost is one (\$1.00) per lamination page.

A microfilm reader/printer is available for careful use. Microfilm copies may be made for \$0.10 per side.

Library staff have the ability to monitor public computers from staff computers in order to safeguard equipment and other patrons.

Library computers do not allow for downloads of software or applications from outside sources. However software and files for personal use may be downloaded directly to the patron's USB (flash) drive or disc. Please notify a staff member if you believe a computer requires updates of software or applications.

Patrons who require assistance in using the computers or accessing the Internet may receive limited assistance from Library staff depending on staff availability.

Library staff will not enter patron vaca information into forms or documents for patrons and cannot complete electronic tasks for patrons (i.e. word processing, e-mail set-up, employment applications, job searches, etc.)

Patrons are not allowed to turn off or shut down computers.

Two people may sit together at a computer if they do not disturb others.

All patrons have the right to privacy, however, the computers are located in a public area and privacy cannot be guaranteed.

Patrons must provide their own headphones/ear buds. New ear buds, if available, may be purchased at the Library circulation desk for \$2.00.

Staff will require that patrons turn down audio when it can be heard outside of headphones/ear buds. Staff reserves the right to log-off patrons that do not comply after verbal warning.

Printing fees are prepay and must be paid at the circulation desk. Library computers will not print if copies are not paid in advance.

E-READERS

Patrons who bring e-readers to the library must not expect the staff to know everything about every device. However, the staff may help patrons with the devices/software with which they are familiar. The staff must ask permission of the patron before touching the e-reader or making changes to it. The staff should use every caution while handling patron's e-readers so that no damage occurs. If staff is unsure of situation, use pointer and guide the patron to access the device. We must encourage patrons to use their e-readers and provide assistance as needed. Internet connectivity (wired/wireless) is available at the library and will be necessary for downloading to e-readers.

PATRON ACCESS

Patrons must use their own Library card to log-on to Library computers. Parents may not use children's cards and children may not use parent's cards. Violation of this rule may result in loss of computer use privileges.

Cedar County residents who possess a Cedar County Library card that is in good standing may use Library computers free of charge.

Patrons must agree to the computer use agreement when signing in to the public computers:

Patron use of public access computers is limited to two hours per day. Public access computers are preprogrammed to log-off after one hour of use. The patron may log-on for the second hour if there are no other patrons waiting for a computer. Patrons may also log-on and use the remainder of their allotted two hours later in the same day.

Sessions may be extended for completion of proctored exams, student studies, or similar occurrences. The patron must be aware of the log-out time and notify staff in plenty of time to have the extension granted (at least 5 minutes before scheduled log-off time). Library staff are not responsible for loss of data due to automated computer log-off.

The Library uses filtering software in compliance with the Children's Internet Protection Act. The Library has no liability for damages related to the operation of, or failure of, the filtering software or its intervention by users. An adult may request that the filter be turned off; however, all Library policies regarding appropriate internet use still applies.

The Library prefers that Cedar County residents obtain a Library card when planning to use Library computers on a regular basis. Parents will be required to sign a copy of the Cedar County Library District's Informed Consent of Use of the Library for a Minor Child in order for their minor child to have access to their own library card. A library card is required to use Cedar County Library District computers. A parent may access a Library computer/internet with their child, if the child does not have their own card. However, the parent is required to sit with the child and monitor their computer/internet use for the duration of the session.

GUEST ACCESS

Guests or Non Cedar County Residents over the age of 18 may gain a computer access login number at the information desk. Pass use is limited to two hours per day. Printing is available; payable in advance.

ACCESS FOR MINORS

The Library uses filtering software in compliance with the Children's Internet Protection Act. Filtering software is not foolproof. It diminishes the likelihood that searchers will inadvertently retrieve text or images that they may find offensive, but does not eliminate that possibility.

Minors, age 17 and under, must have their own Library card to log-on to computers and may not use the cards of others including parents, guardians, and siblings. A parent may access a Library computer/internet with their child, if the child does not have their own card. However,

the parent is required to sit with the child and monitor their computer/internet use for the duration of the session.

Minors will not be given guest pass access without being accompanied by legal guardian.

As with all Library resources, the Library affirms the right and responsibility of parents/guardians, not Library Staff, to determine and monitor their minor child's use of the Internet. The Library also provides computers without Internet access in the Children's Department.

WIRELESS ACCESS

The Library attempts to make wireless access as available as possible but patrons may encounter areas in the building where wireless reception may be limited. The Library's wireless network is not secure. The Library cannot guarantee the security of any information sent to and from a patron's laptop or other wireless device.

Library staff can give limited assistance with connecting to the wireless network. The Library can make no guarantee that a wireless connection is always possible. The Library assumes no responsibility for the safety of equipment or for device configurations, security, or data files resulting from connection to the Library's wireless access.

UNACCEPTABLE USES OF COMPUTERS

- Uses that violate the law or encourage others to violate the law.
- Uses that compromise the safety or security of minors.
- Uses that cause harm to others or damage to their property.
- Uses that jeopardize the security of the computer network or other networks on the Internet.
- Uses that attempt to circumvent log-on management software, filtering software or computer configurations.
- Transmitting of offensive or harassing messages.
- Offering for sale or use any substance, the possession or use of which, is prohibited by law.
- Viewing, transmitting or downloading pornographic material.
- Viewing, transmitting or downloading materials that encourage others to violate the law.
- Downloading or transmitting confidential, trade secret, or copyrighted materials.
- Participating in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.
- Disclosing or sharing user passwords with others.
- Impersonating another user.
- Using personal software programs on Library computers unless fully loaded on a USB device and does not require download to computer.
- Damaging or modifying Library computer equipment or software.

DAMAGE TO PERSONAL DEVICES

The Cedar County Library District is not responsible for damage to personal devices, or for any loss of data, damage, or liability that may occur from user's use of the library's computer or internet.

The director of Cedar County Library District can deny computer access for due cause.

LIBRARY PROGRAMMING (1330)

The Cedar County Library District provides a wide variety of programs that promote the enjoyment of reading and provide cultural, educational, and recreational enrichment to the community. A "program" is a planned interaction between the library staff and the program participants for the purpose of promoting library materials, facilities, or services, as well as offering the community an informational, entertaining, or cultural experience.

Programming includes such activities as:

- story times,
- films,
- exhibits,
- classes,
- summer reading program for children,
- book discussion groups,
- author signings,
- speakers, and
- other timely activities.

The board, in conjunction with the library director, will establish a budget and goals for programming to facilitate the effective implementation of this service.

CONTENT

Programs will be planned to meet the interests and needs of community members and will represent the wide range of ideas and views contained in our materials collections. Presentation at the Library of any specific idea, strategy, financial plan or investment does not constitute endorsement. Organizations or business affiliations used by the Library in our promotions also do not constitute endorsement, merely acknowledgement.

The Library's staff uses the following criteria in making decisions about program topics, speakers, and accompanying resources:

- Community needs and interests
- Availability of program space
- Treatment of content for intended audience
- Presentation quality
- Presenter background/qualifications in content area
- Budget

- Relevance to community interests and issues
- Historical or educational significance
- Connection to other community programs, exhibitions or events
- Relation to Library collections, resources, exhibits and programs

In addition, the Library draws upon other community resources in developing programs and actively partners with other community agencies, organizations, educational and cultural institutions, or individuals to develop and present co-sponsored public programs. Professional performers and presenters that reflect specialized or unique expertise may be hired for Library programs; performers and presenters will not be excluded from consideration because of their origin, background, views, or because of possible controversy. Library staff who present programs do so as part of their regular jobs and are not hired as outside contractors for programming.

Library programs must be non-commercial. No solicitation for business will be permitted. The sale of products at a Library program is not allowed except for the following:

- Because the Library wants to encourage reading, writing, and an appreciation for culture, writers, performers, and artists may sell their own works at Library sponsored programs.
- Programs designed specifically to raise funds for the Library.

The Library may partner with another agency or community organization when these programs are central to the Library's mission. Co-sponsored programs must include participation by Library staff to plan and develop program content, provide logistical support, or include information about Library collections relevant to programs.

In general, Library programs are free. However, a materials fee may be requested to cover the cost of materials used in the program (i.e. craft supplies); this fee will not exceed the cost of materials and will be stated upfront.

Some programs may require pre-registration. Due to limited seating for computer classes and other fixed seating programs, a \$10.00 deposit may be collected to hold a seat. The money will be refunded upon program attendance or with a one-week cancellation notice. Failure to attend will result in forfeiture of deposit.

Attendees are requested to silence electronic devices and refrain from accepting calls during programs.

Adult programs are intended for an adult audience and are typically restricted to adult participants.

COMMENTS

The Library welcomes expressions of opinion from patrons concerning programming. If a patron questions a Library program, he/she should first address the concern with a Library staff member. Patrons who wish to continue their request for review of Library programs may

submit a letter to the director requesting reconsideration. Requests for review of programs will be considered in the same manner as requests for reconsideration of Library materials.

CHILDREN SERVICES (1350)

DEPARTMENTAL GOALS AND PRINCIPLES OF SERVICE

The objectives of the Children's Area are: to introduce as many children as possible to the public Library environment in order to create lifetime readers and Library users; to provide children with access to current information and quality literature; and to provide complete and accurate answers to reference questions to all patrons of the Library. The Children's Area is open during all Library hours.

All children under age 9 must be supervised by an adult, parent, or guardian age 18 or older at all times.

Children who cannot read are not allowed to use the catalog terminal but are encouraged to use the public computers under adult supervision.

CHILDREN'S MATERIALS

The Children's Areas provide juvenile materials suitable for children in a variety of formats and in sufficient number to meet the current and anticipated needs of the community.

A variety of award books, such as Show-Me Readers and Mark Twain Award Nominees, are available for checkout from the Children's Areas, as well as classics and other notable books.

The library collections for patrons under age 18 are split into the "E" collection, which is intended for ages birth to 2nd grade, the "J" section which is intended for patrons 3rd grade through 8th grade, and the "YA" collection which is intended for patrons in 9th grade and above. There may be some variation in the age appropriateness of each collection. In general, decisions to place particular items in the collections are done by the standard of the average person, applying contemporary community standards nationwide, would find that the material, taken as a whole, has a tendency to appeal to ages birth through 2nd grade for "E" materials, 3rd through 8th grade for "J" materials, and 9th grade and above for YA materials; and/or the publisher's suggested age range if available. This statement is required by Missouri Regulation 15 CSR 30- 200.015

Materials specifically for children and all other materials in the Library are available to all children at all times that the Library is open. Parents or legal guardians are solely responsible for supervising or limiting their children's access to Library materials. Separate collections are available for children and young people, but it is not the responsibility of the Library, its Board of Trustees, staff, or volunteers to determine which collection they should use or what item in the approved collections is suitable for an individual.

Children's materials not available locally are accessible through transfer via Missouri Evergreen or interlibrary Loan.

EARLY LITERACY PROGRAMS

Daytime story time sessions are regularly scheduled for the general public.

Story time sessions are developed for pre-school children of different ages.

An adult must accompany and remain with children attending story time. If a child engages in disruptive behavior during the story time, the adult must remove the child from the story time session and must also remove any other children in his or her care from the session.

Unaccompanied children may not stay in a story time session.

TOURS AND CHILDREN'S GROUPS

All tours of the Library must be scheduled in advance. Children's group tours should be scheduled as far in advance as possible.

Children's groups visiting the Library in study or reading groups should call ahead if possible.

The Library reserves the right to refuse a tour because of inadequate notification or the unavailability of a time slot for a tour.

Any children's group in the Library must be attended by an adult, whether the group is attending a scheduled program or engaged in a reading or study session. At least one adult must stay with the group during story time sessions. At least two adults must stay with the group if there are sixteen or more children attending the session.

UNATTENDED CHILDREN

Children 8 years-old and under must be accompanied by an adult (responsible party at least 16 years of age or older) at all times. Library staff are not responsible for the supervision of children left unattended by a parent or guardian.

Library staff will follow these procedures in the event a minor, age 17 or under, has visited the Library and is without transportation at the time of closing:

- Under no circumstances will Library staff transport a minor child away from the Library building.
- Staff will immediately call a parent or guardian to pick up the minor.
- If a parent or guardian has not picked-up the minor within 15 minutes of the call, local police will be contacted.
- Staff will post a sign stating "A minor child was left unattended at the Library after closing and has been turned over to the insert the name of local law enforcement agency." (This agency could be the El Dorado Springs Police Department or the Cedar County Sheriff's Office, depending on the branch location and time of the occurrence.)
- As soon as possible, the Library staff members involved will file an incident report with the Library Director.
- On the next business day, the Library Director will send a letter notifying the parent or guardian of this policy and the Library's hours of operation.

Two such incidents from the same household will result in the parent/guardian being billed for staff time beyond closing.

LOST ITEMS (1360)

GENERAL, NON-PERSONALIZED ITEMS

General, non-personalized items include but are not limited to jackets, caps, children's items, ear buds, sunglasses, reading glasses, notebooks, etc. The Library maintains a lost items bin where patrons may locate personal items that have been found at the Library. Library Staff can direct patrons to this bin.

Patrons are not required to present ID to claim their property from the lost items bin. The Library reserves the right to empty the lost items bin once a month. Items that have not been claimed will be donated to local charities or properly discarded.

ITEMS OF VALUE

Items of value include wallets, bags, and purses that contain legal ID, cash, checks, and other such items. These items may also include jewelry, watches, electronics, and data storage devices such as USB (flash) drives and micro discs. Library staff will make every effort to contact patrons who have left behind items of value, depending on the patron contact information that is readily available.

Valuable items are stored in a locked area for at least 7 business days and may be claimed by individuals who can present proper ID or proper description of the item. Lost keys of any kind will be stored in a locked area and discarded after 7 business days if not claimed. Claimants should be able to properly describe the key(s) in order to make claim.

Items of intrinsic value that are not claimed within 7 business days will be turned over to local law enforcement. Data storage devices and small electronics will be properly disposed of if not claimed within 7 business days.

UNATTENDED AND ABANDONED ITEMS

Library staff reserve the right to collect any items appearing to be unattended on Library property. These items will be sent to the lost items bin or stored in the locked area and proper lost items procedures will be followed.

Items appearing to be abandoned on Library property will be properly discarded or turned over to local law enforcement. The Library reserves the right to immediately contact local law enforcement when any suspicious item is located on Library property (i.e. bags and back packs, boxes, electronic items, vehicles, etc.)

LOST LIBRARY CARDS

Lost library cards may be held at the circulation desk for up to one month. The Library may hold dozens of lost library cards at any given time. Therefore, Library Staff make no effort to contact patrons with lost Library cards and do not mail them back to patrons. However, Library Staff will note on the patrons account that a lost card is being held at the circulation desk. The Library reserves the right to discard lost Library cards once a month and remove notes from patron accounts. Patrons will be responsible for paying a \$1 fee to replace lost Library cards.

The Friends of the Library are exempt from this provision, providing they designate a member to be responsible for the meeting room usage.
4. Refreshments of food and non-alcoholic beverages may be served if provided by the user. Refreshments must stay in the community room, and cannot be taken into the main library. Clean-up will be the responsibility of the renting organization/group.
5. No tobacco use or vaping is allowed in the building.

 - a. The seminar must be informational, educational, or instructional.
 - b. Attendees may attend/participate at no charge.

8. Age-appropriate designation must be affixed to any publication, website, or advertisement for events or presentations held at the library. Failure to advertise age recommendations as required by MO 15 CSR 3-200.015 can result in the group from being prohibited from using the space in the future.

10. The library is not responsible for any equipment, supplies, materials, clothing, or other items brought to the library by any user or individual attending a meeting. Fees for the use of the meeting room will not apply to nonprofit groups, organizations or clubs. If used for sales, future sales, sales training, offerings, returns on investments, or promotional products there will be a fee of \$10 an hour.

All fees must be paid prior to or the day of the meeting or event. Commercial, corporate or legal entities may request an invoice for billing following an event.

The Library Board or the Library Director may waive a fee for the room when it is deemed in the best interest of the library.

Upon vacating the room, if the group leaves the room damaged or if library staff is required to clean up, the group will be charged an applicable fee. This may result in the future denial of meeting room usage.

RESPONSIBILITY OF THE ORGANIZATION

- Smoking, alcoholic beverages, and illegal drugs are prohibited in the Library meeting rooms. Refreshments may be served inside the meeting room only; they may not be taken into the main Library.
- Library staff cannot provide childcare services or facilities for supervision of the children of persons attending meetings in Library meeting rooms.

- The signing of this application form implies the group's intent to comply with this policy and the procedures regarding the use of the Library meeting room.
- Groups and individuals using the Library meeting room are responsible for basic cleanup and returning the room to order. Any equipment or displays brought in for a meeting should not be left unattended and must be removed at the end of the meeting. The Library is not responsible for lost or stolen items. Damages to the premises, equipment, or furnishings as a result of meeting room use will be charged to the group responsible. Fees for excessive cleanup or damage may also be charged. The group or organization and its members, jointly and severally, will assume and bear full responsibility for loss of, injury, or damage to any property of the Cedar County Library caused or inflicted by the organization, its members, affiliated persons, guests, or invitees.
- Failure to comply with this policy and the accompanying procedures for our facility may result in denial of future use of the Library meeting rooms, financial liability for damages, and/or immediate removal from the meeting rooms.

The scheduling of Library activities in the meeting rooms will take priority over the scheduling of meetings for outside groups or organizations. Reservations are to be made with circulation desk staff and promptly written on the current calendar of events. PUBLIC FORUM AREAS

Public libraries are classified as “limited public forums,” which essentially recognizes that libraries have the ability to place “time, place, and manner” restrictions on speech and speech-related activities occurring on their property as long as the restrictions are both reasonable in nature and viewpoint neutral (See also Confidential Patron Information Policy).

FILMING AND PHOTOGRAPHY POLICY

Filming and photography is allowed as described below only to the extent that it does not interfere with the delivery of library services and is consistent with the Library's mission. All parties involved in filming and photography are expected to follow the Library Behavior Policy.

Persons filming or photographing on library premises have sole responsibility for gaining all necessary releases and permissions from persons who are filmed or photographed. The Library undertakes no responsibility for obtaining these releases. Presence in the Library is not consent on behalf of patrons for use of their image or likeness by any third party.

Failure to obtain releases and permissions from persons being filmed or photographed will be deemed unacceptable behavior for purposes of enforcing the Library's Behavior Policy.

Library staff shall terminate any photo session that violates Library policies or appears to compromise public safety, patron confidentiality, or security. Termination may occur at any time that the activities become basically incompatible with the normal activity of the Library's use, safety, and function.

NEWS MEDIA FILMING AND PHOTOGRAPHY

The Library has an open door policy for news media photographers and reporters who are doing stories or projects that directly involve the Library and its programs, resources and services. Advance authorization for such coverage must be obtained from the Library's Director

The Library does not grant permission for news media to use its facilities for stories or projects that do not relate to the Library itself; The Library disallows using Library facilities as interview venues for unrelated stories and disallows access to Library patrons for opinion polls or interviews within its facilities.

DOCUMENTARY-TYPE FILMING AND PHOTOGRAPHY FOR PUBLICATION OR BROADCAST

The Library permits photography and filming of its premises and activities when the use of such involves the Library directly, i.e. books, articles, or videos about the Library itself, the Library's position as a learning destination, or as part of a piece used to describe Cedar County. Authorization must be obtained in advance from the Library's Director.

RESEARCH PHOTOGRAPHY

The Library permits research photography of its materials and resources within certain limitations. Researchers and journalists are responsible for obtaining their own permissions when photographing copyrighted material in the library.

AMATEUR FILMING AND PHOTOGRAPHY

Casual amateur photography and videotaping is permitted for patrons and visitors wanting a remembrance of their visit. The use of additional equipment such as lighting is not permitted. Amateur

photographers have explicit responsibility for gaining all necessary releases and permissions from persons who are filmed or photographed.

PHOTOGRAPHY FOR GROUPS AND NON-LIBRARY EVENTS IN MEETING ROOMS

Groups renting Library facilities may arrange for photographers and news media during their event. Filming and photography for such events is restricted to the space reserved by the group and may not take place in other areas of the Library without advance authorization of the Library's Director.

As part of its information mission and as a public service, the Library may allow for distribution of free handouts, flyers or publications provided such distribution does not negatively impact the appearance of the Library's public areas.

DISPLAYS AND EXHIBITS POLICY

As an educational and cultural institution, the Cedar County Library District welcomes exhibits and displays of interest, information and enlightenment to the community. Displays of handiwork, historical material, nature study, or any other material deemed of general interest may be exhibited. The director shall accept or reject material offered for display based on its suitability and availability.

The library assumes no responsibility for the preservation or protection, and no liability for possible damage or theft of any item displayed or exhibited. All items placed in the library are there at the owner's risk. Photographs of the displayed materials will be kept on file at the library for documentation.

TECHNOLOGY SECURITY POLICY (3000)

The Cedar County Library District local area network (herein referred to as "the CCLD network" or "the network") is critical to the provision of information services to CCLD staff and patrons. The CCLD automation system processes sensitive and valuable information. The addition of public access to the Internet within the library has increased the size, complexity, and management concerns related to the operation of the network. This library takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information (PII) and other types of information. This also includes information the Federal agency or pass-through entity designates as sensitive or other information the recipient or subrecipient considers sensitive and is consistent with applicable Federal, State, Local, and Tribal laws regarding privacy and responsibility over confidentiality. Because all citizens of Cedar County Library District are encouraged to use the network for informational and educational needs, security risks have increased and more stringent practice in safeguarding resources is necessary than was required when simple standalone PCs were used. These expanding security requirements are addressed in the following network security policy.

This policy has two purposes. First, the policy will emphasize to all Cedar County Library District employees and patrons the importance of network security in the library and their roles in maintaining that security. Second, the policy will assign specific responsibilities needed to secure networked information resources.

The CCLD network security policy covers all electronic information resources in the library. It applies equally to network servers, workstations, both staff and public access, network equipment, telecommunications equipment, and peripherals, such as printers, within the library. The policy applies to all library users, managers, and administrators, including Library staff, patrons, and contractors utilizing the library's network resources.

GOALS

The CCLD security program is designed to ensure the availability of networked resources and the integrity and confidentiality of data transmitted over and stored on the network. Specifically, the goals of the program include:

- Ensuring the library network has sufficient security measures applied to protect the integrity of its data, the privacy of information transactions, and the availability of its resources.
- Ensuring the cost of the security measures implemented is commensurate with the risks present on the network.
- Ensuring appropriate budgetary and technical support is available and maintained.
- Training all users to be responsible for the security of data, information, and other computing resources to which they have access, and training staff to maintain accountability practices.
- Enforcing policies and technical mechanisms which contribute to the auditability of network resources.
- Providing sufficient guidance to library staff in the discharge of their responsibilities in network and information security.
- Ensuring that all applicable organizational and departmental policies and procedures are applied and practiced.

- Developing appropriate contingency or disaster recovery plans to provide continuity of operation for all critical functions of the network.

RESPONSIBILITIES

Responsibility for implementing and maintaining the library's network security goals is divided among four specific groups.

1. Library Management (LM; in most environments called Functional Management) - the library director, library board, and other library administration, if applicable, who have functional responsibility for the library. Library Management is responsible for informing staff about this policy, assuring that each person has a copy, and interacting with staff and volunteers on security issues.
2. Network Management (NM) - contract technical support persons or library staff involved in the technical support, management, and operation of the CCLD network. Network Management must ensure the continued operation of the network and is responsible for implementing appropriate network security measures as indicated in this security policy.
3. Local Administrators (LA) - library staff responsible for ensuring that end users have access to needed network resources available through the library's servers or Internet access. Local administrators provide day-to-day maintenance of network security in accordance with this security policy. Local administrators are responsible for reporting observed breaches of security policy to network and library management.
4. End Users (U) - library staff, volunteers, and public users who have access to the CCLD network. End users are responsible for using the network resources in accordance with the provisions of this security policy and the library's acceptable use policy. All users of data and network services (such as the Internet) are responsible for complying with security policy established by library and network management and for reporting to management any actual or suspected breach of security.

ENFORCEMENT

When end users fail to comply with this policy, CCLD information, while stored, processed or transmitted on the CCLD network, may be exposed to the unacceptable risk of loss of confidentiality, integrity or availability. Violations of security guidelines and procedures established to support this policy will be brought to the attention of management for action and could result in disciplinary action up to and including termination of employment or termination of rights to use the network.

GENERAL POLICIES OF THE LAN (LOCAL AREA NETWORK)

1. Every workstation and server shall have a designated local administrator who is responsible for maintaining the security of the computer. All end users of the system are responsible for following all policies and procedures in this policy and the acceptable use policy. CCLD staff, who manages workstations or servers, shall be trained so they can follow all policies and procedures effectively.
2. Server security shall be exclusively controlled by one local administrator and network management. Access to server security mechanisms by all other staff, volunteers, or public users shall be considered unauthorized access.
3. The local administrator responsible for each workstation or server must ensure that all software installed on the system is approved for use and is licensed properly.

4. All software installation and updates shall be the responsibility of network management or the designated local administrator.
5. One local administrator shall be designated to oversee the backup of server and workstation hard drives.
6. Each staff member and contract worker will be assigned a unique USERID and initial password according to established procedure. Public users will be assigned a unique USERID and password to gain access to network resources. Users must not share or disclose unique USERIDs/passwords.
7. All users must be authenticated to the network before accessing network resources.
8. Use of network hardware or software such as traffic monitors/recorders and routers shall be restricted to network management or a designated local administrator.
9. Security training shall be integrated into existing library training programs such as orientation programs for new employees, volunteers, or patrons in the use of computers, software, and network information resources.
10. Incident logs and subsequent security reports must be generated and reviewed on a regular basis.
11. Physical Security—network devices and servers should be secured from public physical access. Server access should be through remote logic connection, unless network is down. Only server software should be loaded on server; no games or other connections that invite viruses.

SPECIFIC RESPONSIBILITIES FOR LAN SECURITY

USERS (STAFF & PUBLIC)

1. Users are expected to be knowledgeable about and adhere to the Library's security and acceptable use policies. Users are ultimately responsible for their own behavior. User responsibilities include:
2. Understanding and respecting relevant Federal and State laws, Cedar County Library District policies and procedures, and other applicable security procedures and practices established for the Cedar County Library District network.
3. Using network resources in accordance with terms specified in the library's acceptable use policy and being aware of activities disallowed and the consequences of engaging in such unauthorized use.
4. Being aware of privacy issues related to their use of network resources and protecting the confidentiality and integrity of their own information.
5. Users must not disclose unique USERIDs or passwords to others.
6. Notifying a local administrator when security procedures are not followed, for example, when a previous user leaves a workstation without logging off or when passwords are written and left in open view.
7. Notifying a local administrator or network management if a security violation or breach is observed or detected.
8. Being familiar with how malicious or virus-infected software is distributed and observing practice that minimizes the risk of damage due to the introduction of such software.
9. Reporting any signs of abnormal or suspicious activity to the local administrator.
10. **(Staff only) Ensuring that his workstation is left on as scheduled so the hard drive may be backed up, according to the library's backup policy.**

LIBRARY MANAGERS

Library managers, with guidance or direction from the CCLB, are responsible for developing and implementing effective security policy. They are ultimately responsible for ensuring that the objectives of library policy and individual responsibilities are clearly communicated to staff and end users and adequately followed. Specific responsibilities of library managers include:

1. Effectively analyzing potential security risks in order to formulate an appropriate security policy. This risk management requires:
 - a. identifying the assets to be protected
 - b. assessing potential vulnerabilities
 - c. analyzing the risk of exploitation
 - d. implementing cost-effective safeguards
2. Providing training, or at least written training materials, to all staff, volunteers, and patrons in the appropriate use of the network, awareness of the possible effects of misuse or unauthorized use of network resources, and the consequences of any unauthorized use.
3. Ensuring staff and patrons understand the danger of malicious software, how it is generally spread, and the technical controls used to protect against it.
4. Informing local administrators and network management of the change in status of staff, volunteers, or contract workers **and any patrons who have unique USERID's who utilize the CCLD network**. This could include a position change (providing greater or more restricted access privileges) or termination of library employment.

NETWORK MANAGERS

Network management may include local staff or contracted support and is expected to implement and maintain security measures enforcing local security policies, to archive critical programs and data, to control access and protect physical network facilities. Specifically, network management is responsible for:

1. Rigorously applying available security measures to enforce local security policies.
2. Advising library management on the effectiveness of the existing policies and technical considerations that may lead to improved practices.
3. Responsible for securing the local network and its borders with outside networks (e.g., city hall, the school district, or the Internet).
4. Responsible for responding to security breaches or violations in a timely and effective manner.
5. Notify local administrators if a break-in is in progress and assist other local administrators in responding to security violations.
6. Cooperate with local administrators in tracking/monitoring violators and assist in enforcement efforts.
7. Configuring audit logs and using network monitoring tools to aid in the detection of security violations.
8. Conducting timely audits of network server logs.
9. Remaining informed on outside policies and recommended practices and, when appropriate, informing library management of new developments.

10. Exercising the powers and privileges inherent in network administration with caution and discretion.
11. Identifying, recommending, installing, and configuring software providing:
 - a. intrusion detection
 - b. monitoring of unauthorized activity
 - c. removal of malicious software

15. Removing malicious software or viruses.

LOCAL ADMINISTRATORS

Local administrators are local staff or volunteers who assist in the daily maintenance of security services and who support and enforce applicable security policies and procedures. Specifically, local administrators are responsible for:

1. Managing all users' access privileges to data and programs.
2. Monitoring security-related events and following up on any actual or suspected violations, where appropriate; notifying network management of reported security incidents and assisting in investigating them.
3. Maintaining and protecting server software, relevant files, and media using specified security mechanisms and procedures.
4. Overseeing the update of anti-virus signatures on all local workstations and servers and for scanning server hard drives regularly.

 - b. Cooperate with network management in tracking violators and assisting in enforcement efforts.
7. Backing up all data on network servers and workstations according to established procedure.

TECHNOLOGY PASSWORD POLICY (3020)

All specific users of the Cedar County Library District network are assigned user accounts administered by a central server. User accounts are composed of three elements: a username, a password, and a configuration record on the server. A network user must submit his username as a means of identifying his specific configuration record. The password is used to verify that the user is who he claims to be.

This password policy is issued to specify the characteristics passwords must possess in order to maintain network security. Users are responsible for understanding and adhering to the following principles when creating or renewing passwords for their library account. Failure to observe these principles or providing your password to other users, will be addressed according to library disciplinary policy.

This policy applies to all library staff and contract technical workers.

PASSWORD COMPOSITION

Passwords that can be guessed by unauthorized personnel create the opportunity for breaches of security. To ensure maximum security, passwords must be hard to guess, not just by other human users, but by extremely fast computers armed with multi-lingual dictionaries. You will create *strong* (hard-to-guess) passwords by following these instructions:

Must Nots:

- Your password must not contain your username, your real name (first, middle, or last), your e-mail name, or any derivative of these.
- Your password must not be any single word in any language (password cracking software has access to language dictionaries for many, many languages).
- Your password must not be any fact associated with you: a pet's name, your birth date, phone number, social security number, driver's license number, car license number, et cetera. Likewise, your password should not be a fact associated with your spouse or children.

Musts:

- Your password must be at least **six characters** long. Passwords 8-14 characters long provide optimal security.
- Your password must be a combination of uppercase and lowercase letters, numerals, punctuation marks, and other special characters. To a computer, the uppercase letters are different than lowercase letters. Three examples are shown below:

TriqsL6L? this password has a mix of three of these categories, making it strong. It also has a rhyming quality, making it easier to remember.

shorT#duck? this password also has a mix of three of the categories mentioned. Notice there are two unrelated words joined together, but with mixed case and with a special character between them. Joining two words this way also helps you remember your password.

Tqbfjotld? this password has only two categories represented but offers a seemingly random mix of letters. In this example, the memory aid is using an acronym of the well-known phrase, "The quick brown fox jumped over the lazy dog." Take a favorite quotation (probably not a famous one, though)

and create an acronym by using a particular character from each word. Insert a special character for additional security.

PERSONNEL POLICY (6000)

Cedar County Library District or CCLD strives to provide professional service in a professional manner. CCLD endeavors to employ and retain the best-qualified individuals for the job.

EMPLOYMENT (6010)

The director/board shall have the authority to employ personnel when vacancies exist and will present the employee's name and qualifications at the next regular board meeting. Employment for all positions shall be solely on the basis of merit, which shall be determined by evaluation of the applicants:

- training, education and experience
- interview

CCLD shall provide an equal employment opportunity for all qualified and qualifiable persons. Equal opportunity shall be according to the provisions of Federal and State laws and regulations. In addition, age or handicapping condition will not, unless considered a bona fide qualification for the position, be a basis for rejection of otherwise qualified applicants. Any violation of the letter or spirit of this program by employees of the library shall result in appropriate disciplinary action, including discharge if warranted. The director/board shall be responsible for the implementation of the program and for auditing and reviewing CCLD's personnel practices.

Vacancies for positions in the library shall be advertised by the director/board through local media.

Employees will serve a probationary period of three (3) months before their appointment will be considered permanent. During the probationary period the employee's work habits, abilities, attitude, promptness, and other pertinent characteristics will be observed and evaluated by his supervisor and the director/board. If the employee fails to meet required standards of performance, he is to be dismissed.

During the probationary period, the full-time employee is not eligible for employee fringe benefits such as sick leave and vacation but will earn credit for those to be taken at a later date. Wages for holiday falling within the probationary period will be paid to probationary employees.

TOBACCO FREE, DRUG FREE WORKPLACE POLICY

It is the intent of CCLD to provide a working environment free from the use of tobacco, non-prescribed drugs, and alcohol. As a condition of employment, employees are expected to adhere to this policy. The employee may be asked to submit to a random drug test. Violations of this policy will result in disciplinary action up to and including termination of employment.

The director/board reserves the right, within the requirements imposed by the Federal Government, to rescind, modify this, or any other policy, practice, or guidelines as it deems appropriate in its sole discretion either in individual or company-wide situations with or without notice.

FIREARMS POLICY

No employee who has been issued a concealed carry endorsement by the Missouri director of revenue under Section 571.094 RSMo, or who has been issued a valid permit or endorsement to carry concealed firearms issued by another state or political subdivision, shall, by authority of the endorsement or permit, be allowed to carry a concealed firearm, or to openly carry a firearm in any building or portion of a building owned, leased, or controlled by the Cedar County Library District.

ANTI-DISCRIMINATION AND ANTI-HARASSMENT POLICY

CCLD will not condone, permit or tolerate any form of discrimination and/or harassment by or against any employee, patron, vendor, independent contractor or other individual with whom our employees come into contact in connection with their employment with this Library based upon age, race, color, creed, religion, sex, sexual orientation, national origin, disability or other protected class or characteristic established under applicable federal, state, or local statute, or ordinance.

Sexual harassment is a form of illegal sex discrimination. Sexual harassment refers to behavior that is unwelcome, personally offensive and which interferes with our work effectiveness. Federal law defines unlawful sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, whether male or female when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.

Individuals who believe they have been subjected to discrimination or harassment as described or have questions about whether certain conduct is unlawful should, within 48 hours speak to and submit a written statement to the director about the incident. This is particularly important in cases involving sexual harassment where there may be uncertainty about what is unlawful conduct.

The director who receives complaints of discrimination or harassment, or who is made aware of conduct that may constitute discrimination or harassment must within 48 hours notify the Board President (or, if appropriate, the Treasurer, in place of the President). Investigation of any complaints will be initiated within 72 hours, and the existence of a complaint will be disclosed only to the extent necessary to make a prompt and thorough investigation or to take appropriate corrective measures. In all cases, the person who initiated the complaint will be informed of the findings and disposition of the matter at the conclusion of the investigation. Management will make an effort to prevent coercion, retaliation, intimidation or harassment directed against any individual who registers a complaint or serves as a witness on behalf of another individual.

Employees who engage in prohibited discrimination or harassment will be subject to appropriate discipline up to and including termination of employment.

EMPLOYEE CONDUCT POLICY

The board and employees work as a team toward the same goal: to bring professional and economical library service to the patron. It shall be the duty of each employee to maintain high standards of conduct. Cooperation, efficiency, professionalism, and economy shall be maintained in his/her work.

Whenever work habits, appearance, attitudes, production or personal conduct of any employee falls below a desirable standard, supervisors should point out that deficiency at the time it is observed.

Employees may utilize the break room during their breaks for food or drinks. No food or drinks are permitted behind the circulation desk.

Full-time employees unable to get to work because of severe weather conditions may use their sick leave, personal leave, or they may make up the lost time with the approval of the director.

Major changes in the director's schedule or other circumstances may not be made without approval of the library board. Employees wishing to change their work schedule shall request permission from the director in writing.

Employees are required to notify the director/board and their immediate supervisor of any change of address or telephone number so that the employee can be contacted at all times. The director/board shall keep a complete file of qualifications, date employed, vacations, and sick leave taken, raises in salary and date of termination for each employee. No person shall be employed by the Board of Trustees or by the librarian who is related within the third degree by blood or by marriage to any trustee of the board or the director.

E-MAIL, INTERNET AND OTHER ELECTRONIC COMMUNICATIONS POLICY

E-MAIL

CCLD assumes no responsibility for the content of employees' e-mails or for maintaining their privacy, and the library's employees have no expectation that such privacy will be maintained. The library reserves the right to review, audit, interpret, access, and disclose any messages created, received, or sent over the e-mail system for any purpose. Confidentiality of e-mail should not be assumed.

No e-mail messages should be created, sent, or forwarded which may be intimidating, hostile, or offensive in nature, or which are discriminatory on the basis of race, color, religion, sex, national origin, sexual orientation, disability, or any other basis that is unlawful under applicable state and federal law. Nor should any obscene, profane, abusive or offensive language be transmitted.

Any employee who violates this policy or uses the e-mail system for improper purposes as determined by management shall be subject to discipline, up to and including termination.

INTERNET GUIDELINES

As with e-mail, the library provides Internet access solely to facilitate the conduct of the library's business. Access to the Internet may be limited at the library's sole discretion. Employees are expected to use the Internet at all times in a manner that benefits the library and **not for personal use**. Employees should have no expectations of privacy for their use of the Internet and the Library may monitor employees' use to ensure compliance with this policy. Use of the Internet in a manner which violates this policy as determined by management may result in disciplinary action, up to and including termination. Examples of conduct which are specifically forbidden include, but are not limited to:

- Using the Internet for personal gain or for commercial activity unrelated to the library.
- Sending, reviewing or viewing material or information that is threatening, intimidating, hostile, harassing, offensive or discriminatory on the basis of race, color, religion, sex, national origin, sexual orientation, disability, or any other basis prohibited by applicable law. In addition, the receipt of such material and/or showing such material to co-workers is strictly prohibited.

- Using the Internet for any activities not specified here that are in violation of federal, state or local laws.

CONFIDENTIALITY

Any information received as a result of employment or service with the library including information regarding patrons, patrons' records, or business records shall be treated in a confidential manner and released through the director or the board president only in compliance with sections 182.815 and 182.817 RSMo. CCLD adheres strictly to all sections of this statute regarding the protection of the confidentiality of its users.

- library's financial ability to grant increases
- job performance of the employee.

The rates of pay do not include allowances for travel or other expenses incurred in library business or allowances made to employees for the use of personally owned vehicles. The board shall determine reasonable reimbursements for such expenses. Approved expenses of staff will be paid and mileage will be reimbursed at the board approved mileage reimbursement rate.

No full-time hourly employee will work more than a 40-hour week. That employee may be scheduled to work at any time during that week. ATTENDANCE POLICY (6040)

Employees must receive approval from their supervisor in advance of a planned absence. In the event of an unplanned absence, an employee must contact his/her supervisor prior to his/her scheduled time to begin work or as near to that time as possible. The employee must inform the supervisor when the employee is expected to return or, if that is not known, the employee must contact the supervisor each day until s/he knows the return date or is able to return to work.

Missing three (3) consecutive workdays without notifying the library constitutes a voluntary resignation of employment by the employee.

Attendance: Regular attendance as scheduled is a mandatory function of employment at CCLD.

Meal periods: Staff members are normally scheduled for one (1) unpaid meal break during an eight (8) hour day.

Rest periods: Whenever the workload allows, staff members may be permitted a paid fifteen (15) minute rest break for each four (4) hours worked to be taken near the mid-point of the four (4) hour time period. Rest periods are not to be accumulated or used to shorten the work schedule or lengthen the meal period.

Tardiness: Employees who are not able to begin work at their scheduled time must contact his/her supervisor prior to, or immediately following, their scheduled time to begin work. The employee must inform the supervisor when the employee is expected to return. Excessive tardiness places a burden on other staff and is cause for disciplinary action.

ACCIDENT POLICY

CCLD provides worker's compensation insurance in accordance with Missouri statutes for an accident or injury on the job. The number of benefits payable and the duration of payment depend upon the nature of the accident or injury. Employees who are involved in an accident, or who become injured while on the job must report such injury to the immediate supervisor as soon as possible. Employees (or the supervisor if the employee cannot do so) should complete and submit an Incident Report Form to the Director within 48 hours of the accident. Failure to do so may disqualify staff from receiving worker's compensation benefits. An employee will be paid at his or her regular rate for time actually and necessarily lost from available work during the first eight (8) hours of any shift during which s/he suffers an occupational disability compensable under the Worker's Compensation and while at work for the library. An employee has the responsibility to keep his/her supervisor advised of the worker's compensation situation and his/her availability to return to work. Following any injury or illness for which an employee receives doctor's care or which results in an absence of three or more consecutive scheduled working days, the employee is required to provide a physician's statement releasing him/her to work. The doctor's release must state that the employee is released to work without limitation, or if there are limitations, listing them specifically. Reinstatement to an employee's previous position cannot always be guaranteed to an employee who is returning from an extended worker's compensation leave. However, the Library endeavors to place employees returning from an extended worker's compensation leave in their former positions or positions comparable in status and pay, subject to any physical limitations that the employee may have suffered due to an on-the-job accident or injury.

TERMINATION POLICY

It is the duty of every employee to attempt to correct any faults in his performance when called to his attention. Discipline shall be, whenever possible, of an increasingly progressive nature. The steps being:

Insubordination is defined as any action or inaction in direct violation of the policy manual, or a supervisor's orders. Staff members may question any instruction, but, upon being directed to take a certain action after the question has been addressed, the staff member is to do so; with the following exceptions: 1) any action or inaction which might cause harm to befall the staff member or another person; 2) any action or inaction which violates the staff member's religion; 3) any action or inaction which is immoral or illegal; or 4) an action constituting unlawful discrimination or harassment or retaliation for opposing such practices.

RESIGNATION AND RETIREMENT POLICY

A library employee wishing to resign or retire from employment must notify the director or the library board as soon as possible. The library requests a minimum notice of two weeks. For the library director a notice of at least one month is preferred.

The employee must submit a written resignation statement giving the exact date that employment is to end. Between the time of notice and the time when employment ends, a final performance appraisal will be conducted by the director, or by a person appointed by the board, if the employee is the director.

GRIEVANCE POLICY (6100)

CCLD will evaluate employee grievances and address the grievance informally. Supervisors and employees are expected to make every effort to resolve problems as they arise. An employee is expected to present his grievance in the following order:

- to his supervisor
- to the director
- to the CCLD board

The grievance must be presented in writing. The director is obligated to present the written grievance to the board at the next meeting of the library board. After a reasonable amount of time, should the situation not be corrected to the employee's satisfaction, he may appeal the director's decision of his grievance in writing to the library board. No employee shall be disciplined or discriminated against in any way because of his proper use of the grievance procedure.

PERSONNEL FRAUD POLICY

The purpose of this policy is to establish a method of reporting theft and fraud within the Cedar County Library District (CCLD). This policy outlines the procedure for employees to report instances of theft or fraud in the workplace, and the procedure that will be followed after a report is made.

DUTY TO REPORT

Employees have an obligation to report activity that appears to be fraudulent. Examples of activities that should be reported include, but are not limited to:

- Stealing money, library materials, supplies, equipment or furnishings

- Intentionally misrepresenting amounts of money received on cash reports
- Knowingly fabricating time sheets for oneself or others
- Assessing patron records for anything other than library business

As used in this policy, the term “fraudulent activity” includes suspicious behavior or other conduct similar to the activities enumerated above. Employees, knowingly, failing to report suspicious activity will be subject to discipline.

REPORT FORMAT

Reports of fraudulent activity should contain the following information in order to facilitate prompt, appropriate, and efficient resolution:

- Date on which activity occurred, if known
- A description of the activity
- The name(s) of anyone involved in the activity

WHERE TO FILE THE REPORT

Reports of fraudulent activity should be filed with the library director. Reports can be presented to the library director in person, by written report, or anonymously in the director’s in-box.

If the employee is uncomfortable reporting the activity to the director, he/she may report it to the President of the Board of Trustees.

CONFIDENTIALITY OF FRAUD REPORTS

All reasonable efforts will be made to protect the confidentiality of the employee(s) reporting the activity. However, in the event that the matter is handed over to law enforcement, such confidentiality will be governed by state and federal guidelines.

CONSEQUENCES FOR REPORTING FRAUDULENT ACTIVITIES

No employee shall be subject to any form of punishment on the basis of reporting a fraudulent activity that he reasonably believed was a violation of the CCLD’s policies. However, an employee will be subject to disciplinary action if the library reasonably concludes that the reported activity was knowingly fabricated, exaggerated, distorted or minimized by the employee. An employee whose report of misconduct contains admissions of personal wrongdoing will not be guaranteed protection from disciplinary action.

RESPONSES TO REPORT OF SUSPICIOUS ACTIVITIES

All reports of fraudulent activity will be date stamped by the Library Director or the President of the Board of Trustees upon receipt.

The Library Director or President of the Board of Trustees will review and investigate the report within thirty (30) days of receipts. If additional time is needed to review and investigate the report, a note will be made of the reasons for the delay.

If a violation of the CCLD’s policies is detected, the director will take steps to respond appropriately to the offense and to prevent similar offenses from occurring in the future, including any necessary modifications to policies or procedures.

1. Unrestricted cash/check donations can be accepted by the librarian on duty or the Library Director. Cash receipts procedures will apply.
2. Cash/check donations for sponsorship of current library materials or programs shall be accepted by the Library Director or her designee. Cash receipts procedures will apply.

The Board must decide, if feasible, to commit to the proposed Project or Plan.
4. Gifts other than cash (stocks, bonds, real estate, personal property, etc.) must be accepted by the Board of Trustees. These items can come to the Board through the staff, Director, a Trustee, or the donor. The board must decide whether to accept the gift and coordinate the transfer of the items with the donor. Unfortunately, not all gifts are feasible for the Board to accept and manage.

PROCUREMENT PROCEDURE (7100)

The library encourages competitive bidding in order to obtain the greatest response to requests for purchase or requests for proposals. The library shall do everything in its power to encourage the submission of proposals from local vendors. However, the Library has a responsibility to its residents to ensure that the maximum value is obtained for each public dollar spent. It is expected that local vendors who wish to do business with the library will offer the lowest possible quote for the item being purchased.

BIDS

The library will informally bid from multiple suppliers for all purchases over \$500. This may be obtained by comparison pricing through direct contact, advertisements, catalogs or web pages.

Purchases with an anticipated bid amount of \$3,000 or greater shall be listed for at least seven days on the library's web page. Where practical to elicit greater responses for bids, additional listings may be made on cooperating web pages or notices may be sent to potential bidders.

Purchases with an anticipated bid amount of \$25,000 or greater shall be advertised in at least one newspaper with regional distribution.

In order to obtain the best prices, the library shall be allowed to enter into cooperative purchasing agreements with federal, state, or local units of government or not-for-profit corporations

Cooperative agreements may be entered into or already negotiated contracts may be assumed. Existing bids may be renegotiated or extended if it is to the library's benefit.

Bids may be received by mail, e-mail, or fax. Sealed bids may be received by mail or delivery only. No negotiation will be allowed as to bid amount after submission, unless such options are clearly spelled out in the bid document. Occasionally, bid documents may contain deducts for options that the vendor feels would provide a superior product for less cost. The library reserves the right to negotiate such changes with the submitting vendor, or other vendors if that would result in savings. The library reserves the right to use cooperative purchasing agreements or listed advertisements for purchases if that results in a lower cost, even if these sources do not respond to the library's bid notices.

Although price shall normally be a major consideration in all purchases, the library reserves the right to take such factors as durability, timeliness, availability and operating cost into consideration when awarding a bid. Low bidders may be rejected where serious reservations about the quality or suitability of items or services exist. The library reserves the right to waive minor irregularities in submitted bids, or to waive normal bidding procedures in an emergency when it is in its best interest to do so.

Where practical, utilities and telecommunications services shall be competitively bid. However, regular payments for such utilities shall not require special management approval.

Library books and materials as well as single-source equipment necessary for library operations are not subject to these procedures to bid requirements. Purchases for these items are made under approval through the library's annual budget.

PROFESSIONAL SERVICES

Professional services include, but are not limited to, audit, legal and banking services, equipment and custodial maintenance contracts as well as special one-time consultant service needs. Depending on the nature of the service, professional services may be solicited through the bid process or by requests for proposals. Contracts for ongoing services shall be rebid every three to six years.

REQUEST FOR PROPOSAL (RFP)

The library reserves the right to secure products and services through a request for proposal when that is in the best interest of the library. Requests for a proposal shall normally be limited to complex projects especially those with multiple or unknown ways of accomplishing a certain objective. Requests for proposal may involve the request for new ideas that do not lend themselves to traditional bidding. In general, the library shall advertise requests for proposals in the same manner as bids; however, the library shall reserve more discretion in considering low price as the primary indicator of acceptance.

PURCHASE PROCEDURES

The director may make purchases up to \$3,000 if it is in the current library budget.

Purchases over \$3,000, budgeted or unbudgeted, must be approved by the current library board.

Construction purchases, change orders, and large unbudgeted expenses require approval by the Library Board of Trustees.

INVESTMENT POLICY

The Cedar County Library District shall invest funds not immediately needed in certificates of deposit, other special accounts, and other instruments allowed by law. (Rev 5/18/12)

Certificates of deposit or other banking or savings and loan accounts in excess of amounts federally insured, shall be collateralized and the district shall be granted safekeeping receipts specifying the type of collateral. Collateralization of accounts shall be with instruments allowed by law. (Rev 5/18/12)

VOIDED CHECK POLICY

The Cedar County Library District's policy when voiding checks is to deface all signature lines, as well as the account number and the routing number. Voided checks are to be retained in the appropriate bank file with each bank's reconciliation.

STOP PAYMENT CHECK POLICY

The Cedar County Library District (CCLD) has a stop payment policy on checks issued that remain outstanding. The Treasurer of the Board shall contact the payee, by letter, of any checks outstanding over sixty (60) days. If the check continues to be outstanding an additional thirty (30) days, a stop payment order will be issued to the bank. CCLD checks for the Operating Bank Account have "voided after 90 days" printed above the signature lines.

FINANCIAL SYSTEM BACKUP POLICY

Cedar County Library District requires backup of their financial records on a regular basis. Financial records shall be backed up no less than twice per month, once after payroll and the end of the month reports, and after preparing checks for approval at Library Board meetings. An optional, but recommended time, is upon completion of bank reconciliations.

INTERNAL CONTROL ACTIVITIES

CASH RECEIPTS

Segregation of duties in the handling of cash is one of the most effective ways to gain control over this asset. No individual is to have complete control in the handling of cash. Specifically, no one individual's duties should include the actual handling of money, recording receipt of money, and the reconciliation of bank accounts. Employees handling cash are to be monitored by the director or the Treasurer. The risk here is that the employee could take money and not write a receipt. To prevent this, we would need two (2) people on duty at all times. This is not cost effective for the Cedar County Library District.

Incoming cash should be made a matter of record as soon as possible. The risk here is that the employee could take the money and not write a receipt. To prevent this, we would need two (2) people on duty at all times. This is not cost effective for the Cedar County Library District.

Amounts of currency and checks contained in each item of mail are verified. Documents enclosed with the currency received are dated and initialed by the employee opening the mail. Checks are stamped: "For Deposit Only, Cedar County Library District."

A secure area is needed for the safeguarding and processing of cash received. Access to the secured area is restricted to authorized personnel only. The secured area is locked when not occupied.

Cash is protected by locks and kept in areas of limited access.

Collections made over the counter are documented by issuance of receipts. All receipts are to be strictly accounted for and the reason for any missing documents determined and documented. Receipts indicate mode of payment, such as cash, check, etc., date, name, and purpose. The total dollar amount recorded on cash receipt forms, by mode of payment, is balanced and entered into accounting records and deposited into bank by Treasurer or designee no less than once a month.

When cash is received in the branch office, the Director transmits it to an appropriate secure location on a regular basis.

The Treasurer deposits receipts in the bank no less than once a month. Deposits are not to be delayed because the account distribution cannot be immediately determined.

Library personnel are prohibited from cashing personal checks or writing notes or IOUs of personal indebtedness.

Written procedures on cashiering and cash control procedures are maintained at each library.

PETTY CASH

Each library shall have one (1) petty cash fund. The daily amount of cash at the librarian's desk shall not exceed \$30.00. The excess must be kept in a secure, locked place with limited access. Only the library employee on duty or the treasurer of the board shall have access to the petty cash. The petty cash fund shall not be used for any other purposes such as personal loans, cashing checks, etc. All expenditures shall be for library purposes only and shall have a receipt with date, vendor, amount, purpose, and employee signature. The director or designee shall total the receipts and money every Friday. The director or designee shall complete a cash report for the treasurer on a Monday following the first and third Friday of every month.

PETTY CASH PROCEDURE

The petty cash bag at each location will have \$30.00 in it. All expenditures from the bag must be documented by a receipt. Petty Cash is expenditures ONLY.

Only the Director and the Branch Manager will have access to the Petty Cash. All petty cash expenses must be approved by the Director. Petty cash is only for such small expenses that cannot be paid for in a timely manner by a check from the board. This petty cash is not for normal monthly expenses, or large expenses. The funds are not to be co-mingled with any other funds. The petty cash bag will always remain in a locked and secured location.

The Monday before each month's board meeting, each Branch Manager will balance the petty cash bag at their branch. All the month's receipts plus the money still in the bag must equal the original \$30.00. The bag will then be given to the Director for verification. The Director will then submit a record of all expenses to the board, with a check request to balance the bag(s) back to the original \$30.00. If there have been no expenditures for that month, it will be noted in the Director's Report with no further action needed.

GENERAL DISBURSEMENTS

The responsibility for disbursement procedures is clearly documented and assigned to the Board Treasurer. The Board Treasurer has a \$250,000 bond paid by the Cedar County Library District.

Disbursements are handled in such a manner as to ensure that the proper funds and accounts are charged; that the disbursement is used only for authorized purposes; and those laws, rules, and regulations governing the disbursement are followed.

Controls are established to assure that all payments are made on a timely basis and in accordance with all sequentially numbered purchase orders and contracts and will ensure that duplicate payments are not made.

Original invoices (or authorized facsimiles) totaling the amount of the disbursement are to be attached to each check before presented to the Board for approval of payment.

Duties in the handling of disbursements are separated to the extent possible with regard to:

- the initiation of purchase orders—director/staff,
- the approval of invoices with date--director,
- the preparation of checks--treasurer,
- the mailing of checks,--other trustee than treasurer and
- the recording of disbursements--treasurer.

Each check disbursement is approved by the Cedar County Library Board before the actual disbursement occurs. This will ensure the proper and regular review of all disbursements.

To the extent possible, employee duties and Board Treasurer duties in this area are to be complementary to or checked by another employee or Trustee.

Disbursements are to be made by check. Two signatures are required on each check.

Blank checks are to be kept in locked storage under the control of the Director or the Treasurer. Access to blank checks is limited to Director and Treasurer. When blank checks are received; the date, quantity, and inclusive serial numbers are checked and added to the balance on hand.

Accounting software program check register shows voided checks with register of checks, which includes all check numbers. This check register report is printed each month and distributed to the Director and each Trustee for each regular monthly Board Meeting.

TRAVEL DISBURSEMENTS

The Director authorizes employee travel. The Board of Trustees authorizes Director travel out of the district.

Travel Expense Requests are submitted in writing, approved by the Director if an employee; approved by the Board President, if the request is for the Director. Treasurer prepares check for reimbursement and submits to Board at regular monthly meeting for approval of payment.

CHECKING ACCOUNT DISBURSEMENTS

Bank checks are pre-numbered.

Bank checks are completely filled out before presented for signature.

To stop payment on a check, the treasurer shall contact the payee, by letter, of any checks outstanding over **60** days. If the check continues to be outstanding **an additional** 30 days, a stop payment order will be issued to the bank.

When voiding checks all signature lines will be defaced, as well as the account number and the routing number. Voided checks are to be retained in the appropriated bank file with each bank's reconciliation.

Invoices are presented with checks for signature.

The Board of Trustees approves invoices for payment.

Invoices are marked "Paid" and date paid only at the time checks are signed.

Someone mails check other than the person preparing the checks.

Dual signatures are required on all checks. The Treasurer signs all checks.

Bank statements are reconciled at least monthly by the Treasurer on the accounting software system and reviewed, signed, and dated by a board member monthly.

PURCHASES

Pre-numbered purchase order forms are used and strictly accounted for by number.

Invoices are matched with purchase orders and receiving reports before approval for payment.

Invoice computations and pricing are verified before approval for payment.

Purchases should be made by competitive solicitation, when applicable as per purchasing policy.

Copies of the order forms are distributed to the receiving and accounting departments.

Claims are filed promptly for goods damaged in shipment.

SUPPLY AND MATERIAL INVENTORY

Authorized individuals are responsible for receiving and issuing the supplies and material. These individuals are to be responsible for inspecting all goods received to verify that they conform to request. In addition, these persons are responsible for the enforcement of all policies necessary for the internal control of these assets.

The library has central points for receiving and issuing supplies or materials. All loading and unloading operations are closely supervised.

Quantities received are compared to the bill of lading and receiving report and disbursed to the appropriate location.

Effective control procedures are established to ensure that supplies are used properly and for authorized purposes. Supplies not currently in use are stored in areas where access is limited to authorized personnel only. Supplies are arranged so that the earliest received will be issued first. Storerooms where such property is kept are locked. Damaged and obsolete goods are physically segregated. Supplies are kept neat. Special protective measures are taken for items having a high pilferage rate or a high value.

Physical inventories of library materials are to be taken at least annually at the request of the director or the board. A perpetual or periodic inventory record is maintained to reflect dollar value and quantities of library materials.

PAYROLL

Responsibilities for supervision and time keeping, personnel, payroll processing, disbursements, and general ledger functions should be assigned to provide segregation of duties as much as possible.

The director shall be responsible for the distribution of the W-2 forms to employees through delegation to our payroll company.

Detailed record of hours worked are maintained. The branch manager will approve time sheets of all part-time employees. The Director will then go over all time sheets and verify their accuracy. The Director will submit these hours to the payroll company. After approving these hours, the director will submit a payroll summary to the board treasurer for verification and documentation. The director approves schedules and timesheets. Payroll charges, including fringe benefits, should be recorded and distributed accurately and promptly. Written procedures are required for authorization, recording, and controlling sick leave, vacations, holidays, and personal leave. Procedures are established to ensure that all attendance reports and payroll reports are verified by supervisory personnel. Payroll records and reports should be adequately safeguarded. Pay will be made every two weeks, through our Direct Deposit Payroll System.

AUTOMATED DATA OR INFORMATION PROCESSING

Controls are established over entry of data in on-line systems to restrict access to terminals and data entry to authorized employees. Password security shall be established on an individualized basis and changed no less than twice a year.

The accounting software system is password protected and the password is changed annually by the treasurer or director. Controls are established over the use and retention of disk files, including provision for retention of adequate records to provide backup capabilities. Backup for the bookkeeping system is kept on two disks. One is kept in a secure location in the library, and one is kept off site by the treasurer.

The library materials server system is password protected by the director and is backed up weekly. The password is changed monthly. One external hard drive is kept in a secure location in the library.

GENERAL

Accounting records are kept current, neat and in proper order. An annual audit will be performed by a professional CPA firm as required by state statutes.

Appropriate documentation of procedures exists for all systems and functions such that the organization could continue to operate if key employees leave. The Treasurer, in the absence of an accounting department, has appropriate background, skills, and training.

In compliance with the Children's Internet Protection Act (CIPA) and Missouri law, the Library enforces a policy of Internet safety that includes measures to block or filter Internet access for both minors and adults to certain websites. In particular, the Library's filtering software protects against access to visual depictions that are obscene, child pornography, or harmful to minors or pornographic for minors.

Filtering software is not foolproof. It diminishes the likelihood that searchers will inadvertently retrieve text or images that some may find offensive but does not eliminate that possibility. Filters sometimes block access to sites that users would consider both inoffensive and useful. CCLD staff reserves the right to check all workstations of suspicious/inappropriate activity. In accordance with the Children's Internet Protection Act, no one under the age of 18 is permitted to access computer sites, chat rooms or email that contain obscene or sexually explicit material or other material harmful to minors.

CCLD expressly disclaims any liability or responsibility arising from access to or use of information obtained through its electronic information systems, or any consequences thereof. Conducting business or personal transactions such as credit card purchases, stock trades, bank transactions, etc., or accessing systems where such personal or business data are stored is not recommended. The Library's computing environment does not maintain sufficient safeguards to protect such activities.

Users of Library computing resources should be aware of the possibility of contamination by computer viruses and Trojans. Viruses may also spread to other computers including the user's own personal or business computers via email, or via media such as floppy, CDROM, or USB Flash Drives. Users are therefore warned that it is not possible to provide a 100% virus free environment and that the user accepts such risks while using the Library's computing resources.

Privacy

Users should be aware that the Internet is not a secure medium and that third parties may be able to obtain information regarding users' activities. However, CCLD will not release information on the use of specific Internet resources by members of the public except as required by law or as necessary for the proper operation of the Library.

Disclaimer

CCLD does not assume responsibility for any damages, direct or indirect, arising from the use of the Library's technology resources, services, or Internet or wireless connections. Users agree to INDEMNIFY AND HOLD HARMLESS the Library and its board members, its employees, and agents and representatives from any loss of data, claim, demand, liability, cause of action, suit, judgment, damages, or expense (including attorney's fees), arising out of any use or misuse of the Library's technology resources, services, electronic devices, Internet, or wireless connection.
